NOTES IN BRIEF

The GDR Bulletin would like to invite those professors and graduate students participating in the various Hochschulferienkursen in the GDR this summer (1984) to contribute comments and/or synopses of their experiences. We could not print all of these synopses submitted, but would attempt to select one of particular interest for each course (Weimar I/II, Erfurt, Dresden, Rostock, etc.) for publication in the Fall 1984 issue (Vol. X, No. 3).

Submissions should be 1-2 pages, double-spaced, and submitted not later than 20. September, 1984.

The fourth volume of Studies in GDR Literature and Society (9th GDR Symposium 1983) will be available at the time of the 10th GDR Symposium (see Conferences). Also available will be GDR Literature in Translation: A Bibliography, compiled by Margy Gerber and Judith Pouget.
